

UICOM CME Program Annual Report AY 2021-2022

Recap

- Return to live in-person activities.
- Reaccreditation completed in March 2022 (four-year term, 3/2022-3/2026).
- Continued increase in Internet enduring material activities, providing access to CME opportunities year-round.

Outcomes

- Total of 56 CME activities recommended for approval by Chicago CME Committee (**+10 activities from 2020-2021**).
- 42 Episodic activities (**+10 activities from 2020-2021**).
- 14 Regularly Scheduled Series (RSS) activities.
- 16 Enduring Material activities (**+5 activities from 2020-2021**)
- 663.75 CME credit hours (**+60 credits from 2020-2021**).

Future Goals for AY 2022-23

- Continue to support UICOM Departments and delivering high-quality continuing medical education activities.
- Explore opportunities to build program awareness and develop new partnerships while maintaining and strengthening existing ones.
- Support the UICOM CME offices in Peoria and Rockford.
- Evaluate opportunities to make CME better!
