

UIC COLLEGE OF MEDICINE

Emeritus Committee

Annual Report 2021-2022

The Emeritus Committee is charged with reviewing and taking action on emeritus/emerita recommendations on the basis of adherence to the prescribed process, standards, and format on recommendations for emeritus/emerita appointments. Such actions are reported to the Dean.

The committee may periodically make recommendations concerning the College criteria for emeritus/emerita appointments, as well as on the form by which recommendations will be submitted and forwarded to the Dean. No formal changes to the policies were made in this cycle.

This year, the Emeritus Committee and Dean Mark Rosenblatt reviewed and endorsed nine recommendations for emeritus or emerita appointments and forwarded to Campus Faculty Affairs. The committee has also developed a rubric with criteria for emeritus/emerita designation, to facilitate reviews and to provide guidance to those responsible for nominating faculty for such distinction.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Marcelo B. Soares', enclosed in a thin black rectangular border.

Marcelo Bento Soares, PhD - Chair

College of Medicine Emeritus Committee
