Loans for Disadvantaged Students (LDS) Guidelines

The Loans for Disadvantaged Students (LDS) program provides long-term, low-interest rate loans to full-time, financially needy students from disadvantaged backgrounds to pursue a medical degree. LDS is made available through the U.S. Department of Health and Human Services (DHHS).

An individual from a disadvantaged background is defined by the U.S. DHHS as one:

- Who comes from an environment that has inhibited the individual from obtaining the knowledge, skill, and ability to enroll in and graduate from a health profession school
- Who comes from a family with an annual income below a level based on low-income guidelines according to family size published by the U.S. Bureau of the Census
